APPLICANTS' PRIORITY CLAIM**
Date: June 14, 2004

TO: Commissioner for Patents

Sir:

Applicants respectfully request that the Office provide a new filing receipt to include Applicants' updated priority claim information. The original Application Data Sheet that accompanied the application papers asserted a claim of priority. Since the filing of the original application documents, Applicants have received updated information regarding that priority claim. This updated information is now provided on a Supplemental Application Data Sheet pursuant to 37 C.F.R. § 1.76(c). As provided on the Supplemental Application Data Sheet, Applicants' priority claim now reads: *This application is a Division of U.S. Application No. 10/789,460, filed February 26, 2004, now pending.*

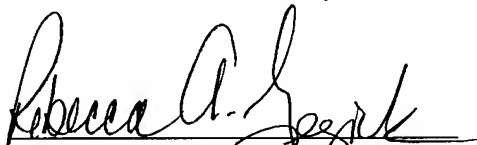

Applicants have attached hereto a Supplemental Application Data Sheet, which shows the Continuity Data, because that is the section that has been changed, but has also included the title and customer number for proper identification purposes. It is respectfully requested that the Office use the

accompanying Supplemental Application Data Sheet to update the information on record and provide Applicants' representative with a new filing receipt that reflects the updated priority claim information.

While no fees are believed payable upon this amendment, the Commissioner is hereby authorized to charge any deficiency in the payment of the required fee(s) or credit any overpayment to Deposit Account No. 13-1940. If any issues remain to be resolved, it is respectfully requested that the Examiner contact the undersigned attorney for the Applicant at the number listed below.

Respectfully Submitted,
